Hammond, LA 70404-2788

**Letter No.: 10289-L021**

**Re: Safe Routes to School – H.006606  
Hammond Junior High Sidewalk Project  
Hammond, LA – Project Completion**

**ECM Project No.: 10289-1C**

Dear Mayor Foster:

A final walk-through was performed on the above-referenced project on December 5, 2012. At that time, additional sidewalk replacement and additional detectable warning systems were indentified. The Contractor, Stranco, performed this additional work last month. The work has been reviewed by all parties, including the City of Hammond, LaDOTD District Office, and the Safe Routes to School Coordinator, and found to be satisfactory. ECM has inspected the work and found it to be performed satisfactorily according to the plans and specifications. We recommend acceptance of this work, final payment to the Contractor for all work performed, and final close-out of this project to be processed.

If you have any questions, or need any further information, please let me know.

Sincerely,

Kristi Sanford, PE  
Project Manager  
ECM Consultants, Inc.
