**AMENDMENT 3  
TO THE  
STATEMENT OF WORK  
BETWEEN THE  
U.S. DEPARTMENT OF AGRICULTURE  
NATURAL RESOURCES CONSERVATION SERVICE  
AND THE  
CITY OF HAMMOND**

**PROJECT:** Bank stabilization in City of Hammond, Louisiana, Emergency Watershed Protection (“EWP”) FY16 DSR 105-16-06 Project #5050 – Locally Led with Technical and Financial Assistance

This agreement is entered into by and between the U. S. Department of Agriculture, Natural Resources Conservation Service, hereinafter referred to as the “NRCS”, and City of Hammond hereinafter referred to as the “Sponsor”.

*Changes to III: change construction cost to \$822,388.10. Change NRCS FA contribution to \$740,149.29. Change sponsor contribution to \$82,238.81*

**III. OBJECTIVES**

The objective of this agreement is to remove watershed impairments caused by August 2016 storm event that are creating a serious threat to life and property through a locally awarded and administered construction contract. The design and installation of EWP measures are detailed in the individual damage survey report (DSRs) and listed below:

Damage Survey Report (DSR) No.	Description	Estimated Construction Cost
105-16-06	Ponchatoula Creek second to third street - Stabilize channel bank	\$816,500
Total Estimated Construction Cost		\$816,500

A. The individual Damage Survey Report (“DSR”) is established through discussions between the Sponsor and NRCS. It defines the site, work to be completed, and estimated construction costs for this project.

B. It is agreed that the total estimated construction cost are: \$822,388.10. Based on this estimate:

1. NRCS will contribute Financial Assistance Funds (“FA”) in the amount of \$740,149.29 (up to 90 percent of total construction costs) as reimbursement to the Sponsor for approved on-the-ground construction

costs. Construction costs are associated with the installation of the project measures including labor, equipment, and materials.

2. NRCS will contribute Technical Assistance Funds (“TA”) in the amount of \$61,238 (up to 7.5 percent of total construction costs) as reimbursement for technical and administrative costs directly charged to the project. Technical and administrative costs are associated with project design and development of construction drawings and specifications; soliciting, evaluating, awarding and administering a contract, including verifying invoices and recording keeping; development of operations and maintenance plans; development and implementation of quality assurance and inspection plans. While NRCS can reimburse 100 percent of these costs (no Sponsor required cost share) up to 7.5 percent of the total construction costs, it is possible that technical and administrative costs will exceed this amount, requiring the Sponsor to contribute resources to complete technical and administrative work.
3. The Sponsor will contribute funds in the amount of \$82,238.81 (10 percent of the total construction costs) in either direct cash expenditures, the value of non-cash materials or services, or in-kind contributions. The value of any in-kind contribution shall be agreed to in writing prior to implementation.

***Change to Section IV: correct wording regarding the effective dates of agreement.***

This agreement is effective as of 03/21/2017, and continues in full force and effect through the end date on NRCS-ADS-093 form, Notice of Grant and Agreement Award. The agreement may be amended to extend the date.

***The remainder of the statement of work is unchanged.***
